

€ SCI provides funding to enable you (as part of/ in cooperation with your local organisation) to carry out campaigns.

<sup>July</sup> 17 Activities carried out between 01/07/2023 - 30/10/2023 will be eligible.

📍 Open to Council of Europe [Members States](#) and Kosovo.

## 1. FRAMEWORK

With your campaign, you should work on:

- Addressing an aspect of (anti)militarism
  - The more specific and local, the better!
- Activating people to take action!
  - “Educating people” is not enough! It needs to be “educating people, so they take a concrete action themselves” that furthers the campaign goal. (e.g. signing a petition, reposting on social media, writing emails to politicians, donating to your organisation)

## 2. POSSIBLE FORMATS

The format of your campaign is flexible, and should be designed to fit the aim and target group defined by you. It should be in line with the "[No War Anywhere](#)" project.

We will prioritise funding towards actions that fit in the format of a campaign, such as:

- Organising/ participating in protests;
- Engaging in peaceful street actions and initiatives;
- Social media campaigns;
- Writing to politicians, lobbying, campaigning;
- Actions to strengthen antimilitarist education within your organisation.

However, we are also happy to consider other actions proposed which fit the project’s aims and themes of antimilitarism, such as:

- Workcamps with a focus on peace education, non-violence, conflict resolution, and related themes;
- Awareness-raising events;
- Study visits, trainings, workshops, and seminars integrated into existing peace-oriented programs;
- Interactive workshops, debates with experts, fostering dialogue on peace and non-violence;
- Creating opportunities for dialogue and understanding through, e.g., human libraries;

Co-funded by  
the European Union

- Exploring innovative approaches and activities inspired by the "No War Anywhere" project.

### 3. APPLICATION & IMPLEMENTATION TIMELINE

Online applications should be submitted [here](#). We will confirm the first activities from 12/07/2023. Afterwards, applications will be reviewed on a rolling basis. If approved, there will be a process of communication & information between the International Secretariat and the activity's contact person, followed by signing of a partnership agreement. Following the activity's implementation will be a period of follow-up reporting, feedback on tools used and reporting of any data collected (see part 7).

### 4. BUDGET

The budget you can apply for is flexible, however if you are applying for more than 600eur we recommend discussing with the team first.

We offer a financial reimbursement according to the budget lines below. For the reimbursement:

⚠ Keep all receipts (with date and items purchased). No receipt = no money! ⚠

Of course you can spend more from your own funds. We try to agree on some flexibility in your budget so that the available funding fits your needs and the frame of the planned activity. After approving the Financial Report, within 30 days we will issue the reimbursement. In case this would be a problem for implementing the activity, contact us to discuss alternative options (a possibility of pre-paying a part of the money).

**Below are the available budget lines. You can apply for a microgrant based on these categories:**

Financial Support for Campaigns	Requested amount
Food*/ Accommodation**/ Local Transportation*	
Fees** for experts/speakers/trainers	
Room Hire/Equipment**	
Working Material*	

Co-funded by  
the European Union

Promotional Material* Design	
Promotional Material* Printing	
Technical resources (programmes for editing, etc.)	

\*Please keep all the receipts & tickets. No receipts = No Money.

\*\*For these expenditures we need to receive detailed invoices and/or renting contracts attached to the Financial Report. All contracts need to be translated into English or French. For receipts and bills a translation into categorised of purchased items is eligible. Experts/Staff can not be paid SCI staff. For contracts SCI needs to receive proof of payment. The following costs are NOT eligible: Overhead costs (purchase of equipment, softwares, printers, electronic devices), office rent, electricity, water and heating bills, administrative costs not clearly linked to the project.

## 5. PARTNERSHIP AGREEMENT

Both sides, the legal representative of the hosting initiator, or a representative from the local organising group, and SCI International, will sign a Partnership Agreement. This document will indicate the agreed financial framework of your activity, the responsibilities for both sides. Along with it we will provide you all the necessary templates for reporting the activity.

## 6. VISIBILITY

To increase the visibility of your campaign, it is helpful to promote it.

If you promote on social media, please **tag SCI** and use the following **hashtags**: #eyfcoe #NoWarAnywhere!, that way we are able to retweet/repost/share your content.

There is also funding available to support printed and digital promotional material, e.g. flyers, leaflets and publications.

Any promo/ communications must include the **logo of SCI, and donors' logos European Youth Foundation and Council of Europe** which we will provide. For reporting the project we are obliged to provide Participants Lists which need to be completed by your group during the event and attached to the report after the event.

## 7. REPORT

Within 30 days of completing your campaign, you need to hand in:

- **Financial Report** including all original receipts/invoices or certified copies/scans
- Short **Activity Report**
- **List of Participants (if applicable)**
- Selection of **photos, videos, social media posts** etc.

Co-funded by  
the European Union

# NO WAR ANYWHERE!

## CAMPAIGNS GUIDELINES

After approving, within 30 days we will transfer the eligible expenditures according to the agreed budget (bank transfer or pink slip to an SCI branch).

These documents will be shared with you once your campaign is approved.
